In these cases there will be **no guarantee** that this player will be checked in on time for the start of their game.

- League Champions will be given their League Trophies, League runner ups will be given their Trophies
- Check the list of players on your roster against the coaches roster. If there is a player that is not on the official roster, they cannot play. Ask each player for either their address, DOB phone etc to identify them.

- All players should be wearing matching uniform jerseys, except the goalie whose shirt should be a different color.
- Check that all players have shin guards with socks covering the guards.
- Check that no one has any jewelry, casts or splints.
- If the player is on the roster and properly uniformed you will ink stamp the back of their hand.
- If a player is not available at the assigned check in time he will report to the check in area prior to playing and be properly checked in prior to entering a game.

FIELD MARSHAL RESPONSIBILITIES:

Report to Field:

- You should arrive at your assigned field a minimum of 20 minutes prior to the start of the first game
- Once you've reported to the field, introduce yourself to the referees and let them know that you are available. Notify them when both teams are ready to play.
- Inform the referees that you will be recording the score at the end of the game and that you will confirm the score with both referees and a coach from each team before reporting the score.

During games:

- Informally observe each team's bench to watch that all of the participants are playing an appropriate amount of time. Each player should play 1/2 the game and that failure to comply with this rule could result in forfeiture of the game.
- Field Marshals may answer questions regarding conduct of the tournament as stipulated in the tournament rules but shall not arbitrate issues or complaints from the coaches, these issues will be forwarded to the Tournament Director for resolution. This will be done to ensure consistency in resolution of issues at all fields.

At the end of games:

- Record the score of the game on the score card and have the referee and one coach from each team sign the sheet. If they have any disagreement with the score confer again with the referees. The referee's decision on the score will be final.
- As time allows, report the score to the tournament director via cell phone or in person.
- At the end of the day, return your folders to the Lead Field Marshall at your venue.
- Following each Final playoff game have them report to the concession stand for trophy awards
